All My Movies v7.6 Build 1413 Multilingual. Tag: they (MTV Tr3a) You can't just stand there waiting for the right moment to say anything. It's scary. You actually have to think about what you're going to say. It's nerve-wracking. And, I don't know, it really kind of feels like someone's watching. A lot of people can't go through with it. Everyone's thought of something and never said it. But you don't get second chances when you're in front of your mom. You don't get second chances when you're in front of your teachers. You don't get second chances when you're in front of your friends. And you definitely don't get second chances when you're in front of your publicists. And you definitely, definitely do not get second chances in your first wedding. So the fact that my mom called this guy a creep like she'd seen one on television doesn't really comfort me. And to be honest, I'm a bit relieved to know that he's single. It makes me feel better to know that his reputation is not directly coming back to the married couple that I'm set to wed. But more importantly, it makes me feel better knowing that he can't possibly be interested in me.
